

WEEKLY UPDATE – May 29, 2009

- Information is being provided to RSA (The Retirement Systems of Alabama) for the study that was authorized by the Legislature.
- Summer invoices will be paid within 4-6 weeks as they are received. Please remember that PACT is not billed until after the drop/add period.
- Matriculation information will be mailed to college students within the next two weeks. This will include a form to return to PACT for first time students attending a private or out-of-state institution. Students attending Alabama public institutions do not need to notify PACT; but do need to notify the billing office of the institution so they will know to bill PACT.
- The PACT Student Handbook is located on the website; it provides useful information about matriculation.
- A request for cancellation takes approximately 4 to 6 weeks to complete. Refunds are state checks payable to the Purchaser.
